Disclosure of Conflicts of Interest

PACE requires every individual in a position to control educational content to disclose all financial relationships with ineligible companies that have occurred within the past 24 months. Ineligible companies are organizations whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.

All relevant financial relationships for anyone with the ability to control the content of this educational activity are listed below and have been mitigated according to PACE policies. Others involved in the planning of this activity have no relevant financial relationships.

American Board of Internal Medicine Maintenance of Certification

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 33.0

MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

To receive CME credit and/or MOC points, you MUST pass the

posttest and complete the evaluation. For ABIM MOC points, your information will be shared with the ABIM through PACE's Joint Accreditation Program and Activity Reporting System (JAPARS). Please allow 6-8 weeks for your MOC points to appear on your ABIM records. By sharing your Diplomate Board ID # and DOB, you are giving PACE permission to use this information/data to report your participation to these Boards JA-PARS.

Disclosure of Unlabeled Use

This educational activity may contain a discussion of published and/or investigational uses of agents that are not indicated by the FDA. The planners of this activity do not recommend the use of any agent outside of the labeled indications. The opinions expressed in the educational activity are those of the faculty and do not necessarily represent the views of the planners. Please refer to the official prescribing information for each product for discussion of approved indications, contraindications, and warnings.

Disclaimer

Participants have an implied responsibility to use the newly acquired information to enhance patient outcomes and their own professional development. The information presented in this activity is not meant to serve as a guideline for patient management. Any procedures, medications, or other courses of diagnosis or treatment discussed or suggested in this activity should not be used by clinicians without evaluation of their patient's conditions and possible contraindications and/or dangers in use, review of any applicable manufacturer's product information, and comparison with recommendations of other authorities.
